

Men's Dinner

August 25 Dinner for Men

Guest Speaker Dick O'Bryan

This is an opportunity for men to gather together and share stories in a relaxed and welcoming atmosphere over a delicious dinner.

Dick O'Bryan has been in solo practice as a GP in St Kilda for 36 years. During that time his main focus has been on looking after the marginalized members of the community, especially their mental health.

His interests also include bushwalking, listening to music, and writing some verse.

In the recent Queen's Birthday Honours, Dick was awarded the Medal of the Order of Australia for service to the community of St. Kilda, particularly as a general practitioner.
